Complying with General Data Protection Regulation (GDPR) and the California Consumer Privacy Act (CCPA).

What Companies need to know!

- 2018 has been a very busy year for privacy and data protection. Right on the heels of the European Union's implementation of The General Data Protection Regulation (GDPR) in May, California passed sweeping privacy reforms with the California Consumer Privacy Act (CCPA). This panel will discuss these new regulations, best practices for operationalizing the requirements, and how companies should conduct business in today's privacy-focused environment.

Moderator

Name: Sebastian Forgues
Title: Assistant General Counsel
